

## Chicory Root Powder - Material Safety Data Sheet

|                                            |                                                                                                                                                                                                                                                    |
|--------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. Information about the product           | The dried and powdered subterranean parts of the plant <i>Cichorium intybus</i>                                                                                                                                                                    |
| 2. Product Code                            | 24CHIC                                                                                                                                                                                                                                             |
| 3. Composition                             | Chicory Root                                                                                                                                                                                                                                       |
| 4. Flavour and Odour                       | A wet peculiar smell                                                                                                                                                                                                                               |
| 5. Appearance                              | Beige to brown powder. Product is hygroscopic and will readily absorb moisture from the atmosphere, making it hard and lumpy                                                                                                                       |
| 6. Information about the supplier          | Cotswold Health Products Ltd,<br>Units 5-8 Tabernacle Road,<br>Wotton-Under-Edge,<br>Gloucestershire<br>GL12 7EF<br>Telephone: 01453843694<br>E-mail: <a href="mailto:technical@cotswoldingredients.co.uk">technical@cotswoldingredients.co.uk</a> |
| 7. Hazard identification                   | None known                                                                                                                                                                                                                                         |
| 8. First aid measure                       | Eyes – wash eyes thoroughly with water<br>Skin – Wash thoroughly with water<br>Ingestion – move to fresh air                                                                                                                                       |
| 9. Firefighting measures                   | Normal firefighting precautions. Use of conventional extinguishers i.e. ABC fire extinguisher, CO 2 extinguisher, foam extinguisher                                                                                                                |
| 10. Other Firefighting measures            | May be combustible at high temperatures.                                                                                                                                                                                                           |
| 11. Accidental release measures            | Clean up spillage and remove to waste container. Clean area with water                                                                                                                                                                             |
| 12. Handling and storage                   | Store in a dry place, keep away from heat. Avoid excess moisture                                                                                                                                                                                   |
| 13. Exposure controls/ personal protection | None known                                                                                                                                                                                                                                         |
| 14. Stability and reactivity               | The product is stable. Do not expose to direct sunlight                                                                                                                                                                                            |
| 15. Toxicological information              | Not toxic. Routes of entry - Inhalation. Ingestion                                                                                                                                                                                                 |
| 16. Ecological information                 | Easily Degradable                                                                                                                                                                                                                                  |
